Builder's Risk - Important Contract Considerations

Builder's Risk – Important Contract Considerations This article is designed to point out some very important considerations when “structuring” a builder's risk policy. I use the word “structuring” because in most cases, not only do you have to consider the basic information such as scope of the... [\[Full story\]](#)

One of our Foundational Strategies is Financial Management. Getting your work done in an efficient manner is closely related to this strategy.

This is a place where you can share some of the ways that make you efficient, suggest improvements, or ask for feedback. We'll get the best processes when we leverage our collective knowledge.
